Summary

Motivated and detail-oriented Software Engineering diploma student currently in the 4th semester, with a strong academic background in Computer Science. Completed Matriculation and Intermediate in Computer Science. Proficient in HTML, CSS, JavaScript, React, PHP, .NET, and C#. Eager to apply my technical skills in a professional environment, gain hands-on experience, and contribute effectively to a dynamic team while continuously enhancing my knowledge and abilities.

SKILLS

- **LANGUAGES:** HTML5, CSS, JAVASCRIPT, C#, PHP, SQL
- **FRAMEWORKS/LIABRARIES:** React.js, Bootstrap, jQuery, ASP.NET Core MVC
- **DATABASES:** SQL Server, MySQL
- **TOOLS:** GitHub, Visual Studio2022, Microsoft Office

Academic Projects

Project: Marine Fleets

Technologies: HTML, CSS, JavaScript

1st Semester

- Built a responsive marine fleet-themed website using HTML, CSS, and JavaScript.
- Created multiple pages including Home, Services, Fleet, and Contact.
- Added interactive navigation and dynamic UI elements using JavaScript.
- Ensured mobile-friendly design and cross-browser compatibility.

Project: Vaccination Management System with Admin Dashboard

Technologies: PHP, MySQL, HTML, CSS, JavaScript

2nd Semester

- Developed a web-based Vaccination Management System using PHP and MySQL.
- Implemented user registration, login, and vaccination record management functionalities.
- Designed and managed the MySQL database for secure storage and retrieval of vaccination data.
- Performed CRUD (Create, Read, Update and Delete) operations using PHP and MySQL.
- Built a user-friendly interface and ensured efficient data management and system functionality.

Project: ABCD Mall Website

Technologies: ASP.NET Core MVC, C# , SQL Server

3rd Semester

- Developed a full-stack mall management system with an Admin Dashboard for shops, movies, food courts, tickets, and feedback.
- Implemented validation logic and data integrity using MVC separation of concerns.
- Designed a user-friendly website for customers to browse shops, movies, and book tickets.
- Integrated feedback system with error handling and professional documentation.
- Followed a structured and maintainable code approach to ensure smooth website performance.

Education

- Matriculation | 2024 | Allied school (Major: Computer science)
- Intermediate | 2024-2026 | GDGC lines area(Major: Computer science)
- ADSE | 2024-present | Aptech Shahrah-e-Faisal (Major: Web development)

Certifications

- DIPLOMA OF SOFTWARE ENGINEERING
- INTERMEDIATE
- MATRICULATION
